Scripting & Development: Business Rules, Script Includes, Client Scripts, GlideRecord, GlideAjax, UI Policies, UI Actions, Scheduled Jobs, Fix Scripts, Inbound Email Actions, Service Catalog, Reports & Dashboards, ACLs, Automated Test Framework (ATF)

Integration & Data Management: REST APIs, SOAP APIs, SSO Integration, Import Sets, Transform Maps, Import Utility, IntegrationHub, Advance Shipping Notice (ASN)

Professional Experience

KPMG Global Services

June 2025 - Present

ServiceNow Developer

Bangalore, India

ITAM (HAM Pro):

- Configured ServiceNow IT Asset Management (**ITAM/HAM Pro**) **hardware asset** lifecycle using Lifecycle Stage and Lifecycle Stage Status, aligned with CSDM 5.0, and supported **10+ HAM Pro workflows** for asset assignment, transfer, and retirement.
- Built an **ASN (Advance Shipping Notice) integration** to automate hardware receiving, enabling **bulk creation of 200+ assets per shipment** and eliminating manual data entry.
- Streamlined **bulk asset and stockroom operations** using the **HAM Import Utility**, including large-scale data loads and **ITAD vendor integration** for compliant, auditable hardware disposal.
- Engineered a **scheduled cleanup job** that identified and removed **500k+ virtual asset records** from production, improving CMDB data quality.
- Designed **model normalization logic** to eliminate duplicate CI/model records and built **70+ Reports and dashboards** to monitor asset records for smooth, error-free processing.

Broomees India Pvt. Ltd.

January 2025 - May 2025

SDE Backend Intern

Delhi, India

- Enhanced **backend security** by implementing **input validation and data encryption** for payment and notification data, reducing data leaks and errors by **85%+**.
- Integrated **text-to-speech (TTS)** functionality to enable audio-based interaction, improving platform accessibility and inclusivity for end users.
- Developed and optimized **backend APIs and business logic** for core platform modules, supporting **100+ daily requests** with improved stability and performance.

Education

PES University

2021-2025

B.Tech, Electronics and Communication Engineering

Bangalore, Karnataka

Certifications

ServiceNow: CSA, Certified Implementation Specialist – Data Foundations, Agentic AI, Moveworks AI

Development: Java Full Stack Development, Web Development

Achievements

DAC Scholarship : Honored with an award for academic excellence, recognizing consistent high performance.

Among Top 10 Teams : Top 10 team out of 200+ participants in 24-hour state-level hackathon (Synapse).

Published A Research Paper at Springer 10th International Conference ICT4SD 2025, Goa, India
